To Whom it May Concern,

I had the honour of working with Mr. Shukla for 3 months during the summer of 2023. During his time at Mercy Springfield, he interned as a Data Analyst for the Hospitalist Medicine Department.

During his tenure, Mr. Shukla undertook significant data analysis projects that had a profound impact on our operations. Specifically, two projects he completed showcased his exceptional skills in data-driven analysis and provided invaluable insights for optimizing patient care.

Mr. Shukla's commitment to excellence and his ability to provide data-driven solutions to complex challenges were nothing short of impressive. His work not only showcased his exceptional analytical skills but also reflected his dedication to improving the quality of healthcare services at Mercy Hospital.

Mr. Shukla demonstrated an exceptional level of professionalism and competence, underpinned by his strong healthcare domain knowledge derived from his background in dentistry. His exemplary time management ensured consistent delivery of results within deadlines. His standout qualities included excellent communication skills, a well-mannered demeanour, and the ability to articulate complex ideas clearly in both written and verbal forms. His effective presentation skills facilitated stakeholders' comprehension of data-driven recommendations, enhancing decision-making processes.

I wholeheartedly recommend Mr. Shikhar Shukla for any role or endeavour he chooses to pursue. His combination of healthcare knowledge, data analysis skills, and exceptional personal qualities make him an asset to any organization. I have no doubt that he will continue to excel in his career and leave a positive mark wherever he goes.

Please feel free to contact me if you require any additional information or clarification regarding this recommendation.

Respectfully,

Olivia M. Pitts, MD, SFHM  
Hospitalist Operational Leader/Medical Director
